

Sergey Mechtaev

Lecturer (Assistant Professor), University College London

Last update: June 2024

Address: Department of Computer Science, University College London,
Gower Street, London WC1E 6BTU, United Kingdom

Office: Room 3.02, Engineering Front Building

Email: s.mechtaev@ucl.ac.uk

Personal email: mechtaev@gmail.com

Website: <https://mechtaev.com>

Mobile phone: +44 (0)79 3560 2279

RESEARCH INTERESTS

- **Automated Programming:** automated program repair, program synthesis
- **Program Analysis:** symbolic execution, Datalog-based analysis.
- **Artificial Intelligence:** AI4SE, LLM4SE.

EDUCATION

- **National University of Singapore, School of Computing** Singapore
Doctor of Philosophy
August 2012–July 2018
Thesis: Semantic program repair; Supervisor: Abhik Roychoudhury; GPA: 4.4
- **Saint Petersburg State University, Mathematics & Mechanics Faculty** Saint Petersburg, Russia
Specialist
September 2006–July 2011
Thesis: Generic programming library for OCaml; Supervisor: Dmitry Boulytchev; GPA: 4.7

EMPLOYMENT

- **University College London** London, United Kingdom
Lecturer
February 2019–Present
Software System Engineering group, CREST centre
- **National University of Singapore** Singapore
Research Assistant
March 2017–January 2019
TSUNAMi centre
- **Fondazione Bruno Kessler** Trento, Italy
Intern
February 2016–June 2016
Research Unit in Embedded Systems
- **Lanit-Tercom, Inc** Saint-Petersburg, Russia
Software Developer
May 2010–July 2012
HaSCoL hardware-description language
- **OOO Dvin** Saint-Petersburg, Russia
Software Developer
June 2009–April 2010
Video surveillance software startup

AWARDS

- **ACM SIGSOFT Distinguished Paper Award** Lisbon, Portugal
For ICSE SEIP paper “User-Centric Deployment of Automated Program Repair at Bloomberg”
2024
- **ACM SIGSOFT Distinguished Paper Award** Melbourne, Australia
For ICSE paper “Rete: Learning Namespace Representation for Program Repair”
2023
- **National University of Singapore IMDA Excellence Prize 2019** Singapore
For School of Computing’s best PhD thesis “Semantic Program Repair”
2019
- **ACM SIGSOFT Outstanding Doctoral Dissertation Award** Montreal, Canada
For PhD thesis “Semantic Program Repair”
2019

- **National University of Singapore Research Achievement Award** Singapore
For my research on automated program repair. 2016
- **ACM ICPC NEERC Northern Subregional Contest Honorable Mention** Saint Petersburg, Russia
For my participation in ACM ICPC programming competition. 2007

Workshop on ML 2011

SELECTED SOFTWARE

GitHub: <https://github.com/mechtaev>

- **B-Assist:** B-Assist (ICSE SEIP 2024) is the first deployment of automated program repair with the focus on user experience. Its key idea is to present patch suggestions within existing pull requests to ensure that they are generated at the right moment, the right context, and suggested to the right developers. The tool was deployed at Bloomberg in 2023 across 1000 repositories.
- **Modus:** Modus is a language for building Docker/OCI container images. Modus uses logic programming to express interactions among build parameters, specify complex build workflows, automatically parallelise and cache builds, help to reduce image size, and simplify maintenance. Received over 250 stars on GitHub soon after its public release.
<https://github.com/pku-msv-lab/modus>
- **Angelix:** the first constraint-based program repair system that scales to large real-world programs. Angelix generated a patch for the well-known Heartbleed vulnerability; it has been downloaded by researchers from over 60 institutions, and has been used in several projects including an intelligent tutoring system at IIT Kanpur. <http://angelix.io>
- **F1X:** An efficient patch generation tool for C/C++ programs. Won the Functional Errors/C track of APR-COMP 2024.
<https://github.com/pku-msv-lab/f1x>
- **program-repair.org:** the largest online community dedicated to program repair founded by me in 2016. Has over 120 subscribed program repair researchers from around the world; researchers from over 10 institutions have contributed content to this website; the website has 200-300 unique visitors per month. <http://program-repair.org>

PHD SUPERVISION

- **David Williams (PhD)** University College London
First supervisor. Second supervisor: Federica Sarro
Thesis: Automatic Patch Explanation Using Large Language Models
March 2024–Present
- **Liu Yu (PhD)** National University of Singapore/CREST
Co-advisor. Other advisors: Abhik Roychoudhury, Emmanuel Letier
Thesis: A Static Program Repair Framework Based on Symbolic Datalog
September 2020–Present
- **Nikhil Parasaram (PhD)** University College London
First supervisor. Second supervisor: Earl T. Barr
Thesis: Synergising Program Analysis and Machine Learning for Program Repair
September 2019–Present

TEACHING

- **COMP0174 Practical Program Analysis** University College London
Module Leader
January 2024–March 2024
- **COMP0010 Software Engineering** University College London
Module Leader
September 2023–December 2023
- **COMP0174 Practical Program Analysis** University College London
Module Leader
January 2023–March 2023
- **COMP0010 Software Engineering** University College London
Module Leader
September 2022–December 2022
- **COMP0174 Practical Program Analysis** University College London
Module Leader
January 2022–March 2022
- **COMP0010 Software Engineering** University College London
Module Leader
September 2021–December 2021
- **COMP0010 Software Engineering** University College London
Module Leader
September 2020–December 2020
- **COMP0010 Software Engineering** University College London
Module Leader
September 2019–December 2019
- **CS4218 Software Testing and Debugging** National University of Singapore
Teaching Assistant
January 2015–May 2015

TALKS

- **Symbolic Execution of Datalog and its Application to Static Analysis Guided Program Repair** Singapore
National University of Singapore, School of Computing CS Seminar
22 November 2023
- **Symbolic Execution of Datalog and its Application to Static Analysis Guided Program Repair** United Kingdom
Imperial College London, Software Reliability Group Seminar
17 November 2023
- **Modus: A Datalog Dialect for Building Container Images** Online
JetBrains Open Reading Club
December 2022
- **To Build is to Query: Building Container Images with Datalog** Online
Microsoft, MDCS Tech & Science Talks
November 2022
- **To Build is to Query: Building Container Images with Datalog** Singapore
National University of Singapore, CS Seminar
August 2022
- **Semantic Program Repair** Singapore (via video conferencing)
NUS Computing Research Week
August 2020
- **Synthesis of Software Patches Using Symbolic Execution** London, United Kingdom
62nd CREST Open Workshop on Program Repair and GI
January 2020

- **Automated Repair of Security Vulnerabilities** Tokyo, Japan
Shonan Meeting 160 on Fuzzing and Symbolic Execution September 2019
- **Semantic Program Repair** Shenzhen, China
Southern University of Science and Technology July 2019
- **Semantic Program Repair** London, United Kingdom
Imperial College London May 2019
- **First-Order and Second-Order Symbolic Execution** Saint-Petersburg, Russia
JetBrains Research April 2019
- **Semantic Program Repair** London, United Kingdom
University College London July 2018
- **Semantic Program Repair Using a Reference Implementation** Schloss Dagstuhl, Germany
Dagstuhl Seminar 18151 on Program Equivalence April 2018
- **Semantics-based Program Repair** Singapore
School of Computing, National University of Singapore April 2017
- **Efficient Exploration of Patch Spaces for Automated Program Repair** Saint-Petersburg, Russia
JetBrains Research March 2017
- **Towards a Synergy of Syntax-based and Semantics-based Program Repair** Schloss Dagstuhl, Germany
Dagstuhl Seminar 17022 on Automated Program Repair January 2017
- **Constraint-based Automated Program Repair** Trento, Italy
Fondazione Bruno Kessler May 2016

SERVICE

- **Organiser:**
 - International Workshop on Automated Program Repair (APR) co-located with ICSE 2024
 - 65nd CREST Open Workshop (COW) on Automated Program Repair and Genetic Improvement 2023
 - International Workshop on Automated Program Repair (APR) co-located with ICSE 2023
 - International Conference on Software Engineering Student Research Competition (ICSE SRC) 2022
 - International Workshop on Automated Program Repair (APR) co-located with ICSE 2022
 - International Workshop on Automated Program Repair (APR) co-located with ICSE 2021
 - 62nd CREST Open Workshop (COW) on Automated Program Repair and Genetic Improvement 2020
 - International Workshop on Automated Program Repair (APR) co-located with ICSE 2020
- **Program committee:**
 - International Conference on Software Engineering (ICSE) 2024, 2025
 - Symposium on the Foundations of Software Engineering (FSE) 2023, 2025
 - International Conference on Automated Software Engineering (ASE) 2019, 2020, 2021, 2024, 2025
 - International Conference on Software Engineering Demonstrations (ICSE Demo) 2022
 - Symposium on the Foundations of Software Engineering Doctoral Symposium (FSE DS) 2022
 - Symposium on the Foundations of Software Engineering Student Research Competition (FSE SRC) 2024
 - International Conference on Automated Software Engineering Student Research Competition (ASE SRC) 2021
- **Reviewer:**
 - Transactions on Software Engineering (TSE) 2017, 2018, 2019, 2021, 2022, 2023, 2024
 - Empirical Software Engineering (EMSE) 2017, 2018, 2019, 2020, 2021, 2022
 - Transactions on Software Engineering and Methodology (TOSEM) 2018, 2019, 2020, 2021, 2022, 2023, 2024
 - Journal of Software: Evolution and Process 2022

- Science of Computer Programming 2020
- Formal Method in System Design (FMSD) 2020
- **Subreviewer:**
 - International Conference on Automated Software Engineering (ASE) 2013
 - International Symposium on Software Testing and Analysis (ISSTA) 2015
 - International Conference on Software Testing, Verification, and Validation (ICST) 2017
 - Symposium on the Foundations of Software Engineering (FSE) 2017
 - International Conference on Tools and Algorithms for the Construction and Analysis of Systems (TACAS) 2019

MEMBERSHIP & CERTIFICATION

- ACM SIGSOFT member
- IEEE member
- UKPSF High Education Academy (HEA) Fellow
